

## **A CHANGE IN PLANS: MORE OF THE NEW NORMAL**

With the arrival of Christmas and the new Omicron Covid variant, Legends has had to adapt.

**We have decided, and in fact are required, to DEFER our planned New Year's Breakfast at the Toronto Ski Club on January 5, 2022.**

We have had conversations with the TSC and are able to schedule the event later. As soon as it appears a window of opportunity presents itself, we will try again. We had over 70 people planning on attending.

In the meantime, we plan on continuing with Tuesday and Wednesday meetups at the BLUE MOUNTAIN-SILVER BULLET EXPRESS at 9.30 a.m., as long as permitted.

Our Ski days at the Private Clubs are as scheduled. See the [website](#) for dates.

Our trips in February/March are still a go at present.

We ask that participating members always respect the mask protocols, and we will do our best to keep Legends on the hills together.

Regards,

Your Legends Committee
